

Kansas Lions Sight Foundation Brings Mobile Screening Unit to the Kansas State Fair

9/15/2011

Free screenings for blood pressure, blood sugar, visual acuity, field of vision and hearing are available again this year at the Kansas State Fair in Hutchinson, KS. The dates that the Mobile Screening Unit (MSU) will be available are September 9th through the 18th. You can find the MSU in the Sunflower North Building.

The SMU is being sponsored this year by Blue Cross and Blue Shield of Kansas and of course, the Kansas Lions Sight Foundation. Dr. Foster and family are again volunteering in the MSU this year and if you want to stop by and say hello, she will be there on the 18th.
