

Runyon Optometry Changing Locations and Name

3/15/2011

Runyon Optometry will be leaving its little cubby in the Towne East Mall on **July 1st** and moving into a new location under a new name.

The new location should make many of our patient's happy, as it is conveniently located at 21st and Woodlawn in Brittany Center – which means no more fighting for parking spots and long walks through the crowded mall. The new name of the practice will be Vision Care 4 life – something many of you may already be familiar with if you are on our email list.

Yes, the name and location will change, but the important things are staying the same: our friendly customer service, competitive pricing and, most importantly, Dr. Foster. As previously noted, the estimated move date will be July 1st, 2011. The new location will be:

**2020 N. Woodlawn, Suite 390
Wichita, KS 67208**

Another convenience for patients of Vision Care 4 Life is that the phone number, **316-682-9891** and website, www.visioncare4life.com, will not be changing.
