

# Runyon Optometry/Vision Care 4 Life Volunteering at Special Olympics

**4/29/2011**

We are very proud to announce that our office will be shutting down around 11am on Friday, June 3<sup>rd</sup>.

No, we're not taking the day off for R & R, but to volunteer our services for this year's Special Olympics Track Meet at Wichita State University. We will be helping out the Kansas Optometric Association and Eye Care Council participating in the Opening Eyes screening. The event will take place indoors at the student center.

They are in need of volunteer optometrists, staff members, spouses and others to assist with set up and to provide screenings for the event.

**If you are interested in participating, please contact Dr. Joe Sullivan @ 316-683-8204 or Dr. Andrea Baker @ 316-721-8877.**
